2. (Internal Use Only - JGO) I met with Mr. Francis McNamara, Staff Director, HCUA, and advised him that inquiries had gone out and that I hoped to know in the morning the name, address, and phone number of the individual who is acting as "agent" for Juanita Castro with regard to TV appearances and so forth. My understanding is that this would be the appropriate point of contact for the committee to arrange to meet with her before she leaves the country this weekend.

3. (Confidential - JGO) In the absence of Colonel Hal Gould, Military Consultant, House Committee on Science and Astronautics, I met briefly with Mr. Peter A. Gerardi, Technical Consultant and advised him that the meeting with the committee staff personnel for 16 December in the Committee hearing room, B 214 of the Longworth Building has been confirmed.

4. (Confidential - JGO) Met briefly with Mr. David Glick, Counsel, Foreign Operations and Government Information Subcommittee, who advised that the Subcommittee has not received a copy of the self-styled [redacted] testimony, but that [redacted] is working on the matter and will be back in the office Wednesday morning.
